

Welcome back to
your future.

Re-entry student
scholarships make
finishing your college
degree and preparing
for your future an
affordable reality.

You always meant to finish your degree. Why not now?

UNLV's Community2Campus office within the Division of Educational Outreach supports non-traditional students as they make the transition back to college to complete their degrees.

Whether your educational journey was disrupted by family commitments, military service, finances, or other reasons, Community2Campus can help get you back on track to graduation. Staff is available to connect you with campus resources including academic advising, credit transfers, tutoring, student groups, and financial aid.

Money is often a barrier for adult learners wishing to complete their degree. Community2Campus administers several scholarships earmarked especially for students returning to college after an extended interruption.

Be a success story!

Take a look at what Community2Campus scholarship recipients have to say about completing their education at UNLV:

“Any kind of education is worth it. If I stayed focused after I graduated from high school I would be working on my master’s instead of finishing my bachelor’s. We are all working together: me, my family, and my employer. The goal is almost here.”

Tom Miramontes, Workforce Education

“I don’t feel sixty. Age should be a prerequisite for going to college. I like this time in my life. I’m happy being who I am. I’m proud to be a Rebel.”

Mitzi Bender, Interdisciplinary Studies

“It was time to be what I always wanted to be. If it wasn’t for [Community2Campus] help I would have gotten frustrated and given up.”

Sue Jerrems, History

“My decision to go back to school is the best decision I have ever made.”

Chris Harrington, Interdisciplinary Studies
