You always meant to finish your degree. Why not now?

UNLV's Community2Campus office within the Division of Educational Outreach supports non-traditional re-entry students as they make the transition back to college to complete their degrees.

Whether your educational journey was disrupted by family commitments, military service, finances, or other reasons, Community2Campus can help get you back on track to graduation. Staff is available to connect you with campus resources including academic advising, credit transfers, tutoring, student groups, and financial aid.

Be a success story!

Take a look at what Community2Campus re-entry scholarship recipients have to say about completing their education at UNLV:

“It has taken me a long time to arrive at the point where I was ready to return to school but now that it is finally here, I couldn’t feel more excited.”

Jennifer Dalby, Nursing

“I have been able to provide my family more financial stability while also giving myself the ability to pursue my educational career however I can. The Re-Entry scholarship will aid me in being able to afford more classes per semester at UNLV.”

Adrian Torres, Computer Science

“It can be quite discouraging to begin a new path as you do not know what it will entice, but, as they say, “the first step is always the hardest.” I am very grateful to be back in this position of being able to learn again.”
